## I've been thinking...

As Rodgers and Hammerstein put it - June is bustin' out all over! "You can hear it in the trees; you can smell it in the breeze; look around, look around, look around!" Indeed, take a good look around. Everywhere you look Nature is bustin' out with vibrant energy, as every, single thing is changing all around us - even the air. June is the month where spring really hits its stride, just before it hands off the baton to summer; and there is a fresh and noticeable excitement about it.

As the school year comes to a close, family vacation plans begin to unfold, and the roadways are filled with millions of travelers crisscrossing the country in search of millions of experiences which become millions of memories. I hope they all find what they're looking for.

Last month's tour through Shasta Valley was a nice little outing for the Sis-Q A's, along our local highways and back roads. Mike Spiess guided us through a well-planned route, which was highlighted by historical markers along the Yreka Trail, some of which did not look like much of a trail at all, but rather a low spot on a ridgeline or a flattish spot on a hillside. The things people will endure in the hopes of greener pastures! The stop at Little Shasta Elementary School was especially enjoyable, providing a nice break for the schoolchildren **and** for us. Thanks, Mike, for a memorable day!

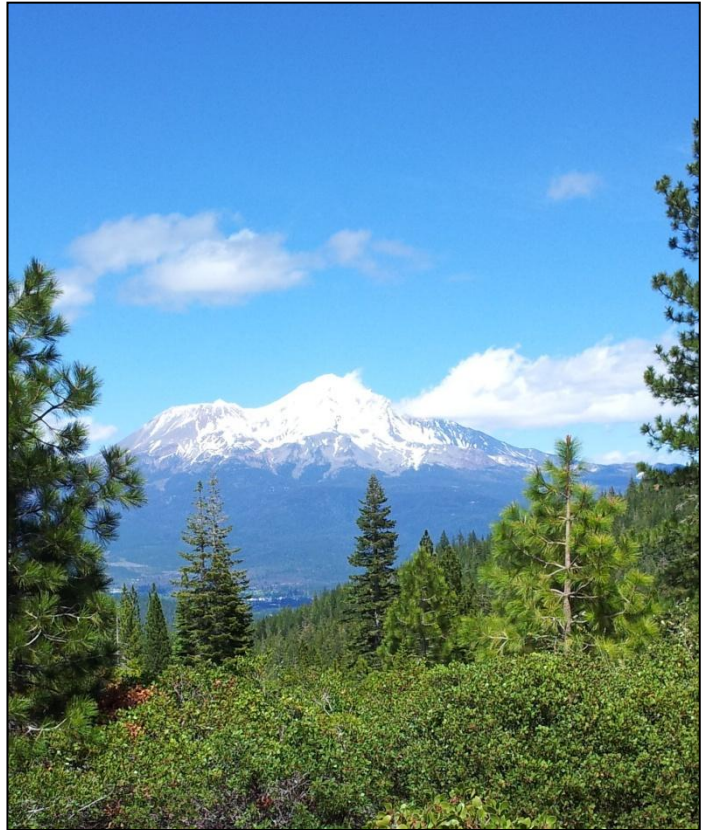

June has us slated for Yreka's Gold Rush Days on the 18<sup>th</sup>. We've been invited to display some Model A's on Broadway, which will be closed to traffic for the day. I hear there will be a pancake breakfast at the fire hall, and there will be food and drink vendors sprinkled around the event. Don't forget your lawn chair.

On Father's Day, we will once again be helping the local CHVA chapter get the annual car show under way. Many of you have volunteered to help out in various capacities throughout the day, and to avail yourselves to fill-in here and there as needed. As our grandparents advised: many hands make light work! I hope to see you there with a Model A, and a helping hand or two. Thank you all, in advance.

Don't forget to send Eileen Mace get-well wishes, as she recovers from wrist surgery (again!). Hopefully, this will be the last one! Get well soon, Eileen.

Welcome new members, John and Karen Snell, to the Sis-Q A's. John has a 1929 AA truck he is working on in the Mount Shasta area, and I look forward to seeing it on the road!

The June 6 lunch social and business meeting is at Jefferson Roadhouse at 11 o'clock. - RG

like to wish You  
a very Happy Birthday!**

# Shasta Valley – Yreka Trail Tour

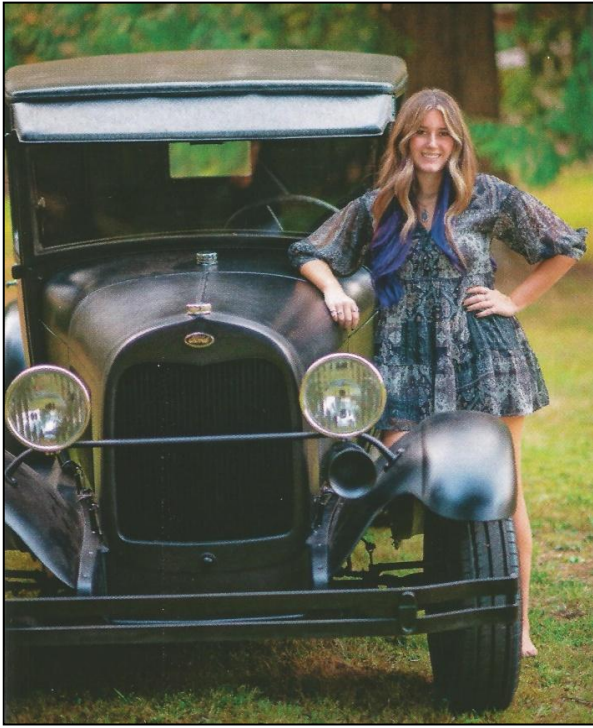

On the morning of May 3<sup>rd</sup>, Mike Spiess led the Sis-Q A's on an educational, historic tour through Shasta Valley.

The tour took in several roadside markers along the old Yreka Trail, many with inscriptions from journal entries recorded by the nineteenth-century travelers.

The last stop was at the Little Shasta School, where students and staff enjoyed our cars in a parking lot “show and tell”, and we finished the day with a picnic lunch and business meeting on the lawn outside the Montague City Hall.

## Congratulations Brooke Lindsay!

Altha Lindsay's granddaughter, Brooke, has completed the restoration of her 1929 Model A pickup truck. Brooke was a recipient of the Model A Youth Restoration Award a few years back, and has been diligently chipping away at her project since. Her story is featured in a wonderful article in the May/June issue of *The Restorer* magazine.

The Sis-Q A's are proud of Brooke, and send our best wishes for success in all of her future endeavors!
