I've been thinking...

I'm not positive, but it looks like our brief spring is already receding in the rearview mirror. High in the mountains the fields of snow are daily melting and trickling, with the trickles combining into frothing cascades and churning brooks, all flowing into and filling the rivers and lakes to and sometimes past their brims. Water is everywhere, all sorts of flowering plants are blooming, and countless shades of green smother the landscape. Maybe this is what paradise looks like.

The recent May tour was great fun and I enjoyed every car, every mile, every stop, every meal, and the company of every person in our group, as we bounced along the roads breathing in the fresh air and basking in the natural beauty and local history of central Siskiyou County. After

leaving Yreka, we visited five towns, three museums, two waterfalls, and one volcano. There was also a fish hatchery, a couple of old service stations, several great old buildings, and some pretty good dining. Did I mention the scenery?

Our tour director, Mike Spiess, suffered a Model A malfunction when one of the fan blades on his coupe wound up in the radiator on the way to the kick-off barbeque. Undaunted, he guided us along the route in a more modern car for the rest of the weekend, and educated us all in various aspects of history and geology. Thanks, Mike! Thanks also to Pat Witt (barbeque hauler), Ann Noel (lodging coordinator), and everyone who provided food for the barbeque and great suggestions and encouragement in the planning and execution of the tour!

The annual CHVA Father's Day Car show in Yreka is on June 18, from 8am until 2pm. This looks like the final year for this show, and as always, the cooperation of the Sis-Q A's is appreciated and is essential in making this event a success. If you can help out, please arrive at the fairgrounds by 7am to assist in setting things up, and if you are able, stay to the end to help break it all down. Thanks, in advance.

Altha Lindsay is hosting the June lunch and business meeting at her home in Etna at 11am, on Saturday, June 3. The ride out to Scott valley should be a delight. We usually meet at Raley's and drive out together, but because of the road construction there, let's meet at the other end of town at the Grocery Outlet parking lot at 10am.

There are several things coming up this summer and fall that need a little planning, and the June meeting will give us a chance to get our schedule in order. I hope to see you there. - RG
